Hi Sarah

I am not sure we are ready to set goals for the meeting. I think it would be better to have a meeting similar to the one we had with the Tribe, where each side airs its issues and we get a sense of what opportunities there are and what the big issues are. I hope that is OK.

Helen,

Thanks for checking in on this.

I'm checking in with folks, and so far we think the agenda items look good. I have a meeting that may go shortly beyond 3, so I wanted to get back to you preliminarily.

One suggestion we have upfront is that we may want to include an overall goals/what we want to achieve item

Do you think that would be helpful?

Unless you hear otherwise from my shortly after 3:00 pm Eastern, we'll have no further comment.

Best,
Sarah

DRAFT-DELIBERATIVE* ATTORNEY-CLIENT PRIVILEGE

As follow-up to our discussion on November 6, attached please find the “messaging for meeting with Washington Department of Ecology” revised to reflect discussion we had on that day. We understand these would be EPA messaging points or talking points, but not for distribution to Ecology.

Below is more context for the messaging paper attached:

- Item IV A ends with an optional sentence to add some detail if we wish. We reflect

Ex. 5 - Deliberative
- Item IV B ends with an optional sentence to emphasize the option of adjusting what is said about implementation over the possibility of re-doing the allocation itself.
- For item V: Interested in the Region’s thoughts on when and how best to broach these topics with the state.
- **Ex. 5 - Deliberative**
- Also, let’s discuss (e.g., Nov. 20) whether the next steps are for our own use or part of the initial messaging for the state.

If you would like to discuss any of the above or the attached, feel free to contact me.

Best,
Sarah
